

## **AXIS I8016-LVE Network Video Intercom**

## Compact and robust video intercom

AXIS I8016-LVE Network Video Intercom is a compact and highly robust network intercom designed for two-way communication, video identification, and remote entry control. It offers 5 MP resolution with invisible IR night vision, and exceptional audio volume with echo and noise cancellation to ensure reliable 24/7 identification even in the most demanding situations. Based on open IP standards and interfaces, this network intercom offers great integration possibilities and is a perfect complement to any video surveillance system. Furthermore, it features multiple inputs and outputs for remote control of door locks and other equipment.

- > High-quality audio and video
- > Easy installation with PoE
- > Open interface with IP phone integration, SIP support
- > Anti-ligature, vandal-resistant IK10-rated
- > IP66/IP69-rated with wall-mount
