Overview

VMware Virtualization Software For HPE ProLiant Servers

Hewlett Packard Enterprise supports, certifies, and offers VMware software for HPE ProLiant and BladeSystem servers. VMware software from Hewlett Packard Enterprise provides a comprehensive suite of virtualization solutions designed expressly for mission-critical enterprise computing.

Hewlett Packard Enterprise offers a complete portfolio of VMware licenses Server and Client Virtualization Infrastructure Software.

VMware software from Hewlett Packard Enterprise includes either1 / 3 / 5 year of 24x7 unlimited support. With this support, customers receive installation, configuration and troubleshooting support. Hewlett Packard Enterprise also offers VMware software bundled with HPE Insight Control.

For information on VMware Horizon products from Hewlett Packard Enterprise please visit:
https://www.hpe.com/h20195/v2/GetDocument.aspx?docname=c04111717

A complete list of supported and certified ProLiant servers is available either at the Hewlett Packard Enterprise support matrix
http://www.hpe.com/servers/vmwarecert or at the VMware HCL
http://www.vmware.com/resources/compatibility/search.php.

Overview

At A Glance

- The VMware OEM portfolio from Hewlett Packard Enterprise includes:
    - All VMware vSphere core server editions and related acceleration kits
    - VMware Hyper Converged Infrastructure Kits
    - Upgrade licenses within the core server editions
    - VMware vCenter management products including Site Recovery Manager (SRM)
    - vRealize products including vRealize Operations, vRealize Suite
    - vCloud products including vCloud Suite
    - vSAN
    - VMware Horizon products
- The following bundle is part of this portfolio:
    - HPE Insight Control bundled with VMware vSphere Enterprise Plus
- The VMware OEM portfolio from Hewlett Packard Enterprise includes a 1 / 3 / 5 year 24x7 unlimited support and subscription services.
- The VMware vSphere products from Hewlett Packard Enterprise are available in physical and electronic delivery forms. Customers can make a choice based on their requirement.
- Hewlett Packard Enterprise branded licenses
    - Are identical to VMware native software
    - Are transferable to any other HPE or non-HPE servers as needed and fully supported
    - Base licenses must be sold with the equivalent number of HPE ProLiant Servers within 30 days
- The complete Virtual desktop infrastructure solution to enable VMware-based client virtualization. For more information, please visit the VMware View QuickSpecs:
  https://www.hpe.com/h20195/v2/GetDocument.aspx?docname=c04111717 (Worldwide)
- For more information on steps to redeem your VMware software licenses purchased from Hewlett Packard Enterprise, upgrading and downgrading please visit:
  http://h20564.www2.hpe.com/hpsc/doc/public/display?docId=emr_na-c04430317
- Electronic delivery of VMware products providing faster, easier and more efficient way to fulfill orders.
    - Electronic delivery products will have "E" as 8th character in part number
- Software downloads and license retrievals will now be available from VMware.

Models

HPE VMware vSphere Essentials Kits

NOTE: The models listed in this section offer the base product with 1 year / 3 year / 5 year physical or electronic entitlement. For detailed list of features in each version, please visit: **http://www.hpe.com/info/vmware**.

NOTE: VMware vSphere Essentials kits are all-in-one solutions that combine virtualization for up to three physical servers (up to two processors each) with centralized management capabilities. The kits are self-contained solutions and may not be decoupled or combined with other VMware vSphere editions. The server hosts must be managed by the vCenter Server Essentials edition that is provided with this bundle, and that same vCenter Server Essentials edition cannot be used to manage other server hosts not included with this edition.

HPE VMware NSX products	**NOTE:** VMware NSX is the leading network virtualization platform that delivers the operational model of a virtual machine for the network. NSX reproduces the entire network model in software, enabling any network topology to be created and provisioned in seconds. It enables a library of logical networking elements and services, such as logical switches, routers, firewalls, load balancers, VPN, and workload security.	
	NOTE: NSX can be deployed in a VMware vSphere environment where it is completely integrated with the vSphere, VMware vCloud Director and VMware vCloud Automation Center. NSX can also be deployed in a multi-hypervisor environment, such as Xen Server,	

Models

KVM or VMware ESXi with a choice of cloud management solution such as vCloud
Automation Center, OpenStack and CloudStack.
NOTE: VMware requires Channel Partners to achieve and maintain the "VMware Network
Virtualization Competency". The competency requirements are outlined on vmware.com
and partner central.

HPE Accelerated VTEP Gateway – Vmware NSX Certified

NOTE: The HP FlexFabric 5930 Switch Series is a family of high-density, ultra-lo-latency, top-of-rack (ToR) switches that have been certified by VMware for use in VMware NSX environments. The 5930 provides advanced features such as VSLAN and OVSDB that allow customers to bridge their virtual and physical networks and unified the automation and visibility across a virtualized data center infrastructure.

HP FlexFabric 5930 Switch Series

Models

HPE FlexFabric 5930 32QSFP+ Switch	JG726A
HPE FlexFabric 5930 4-slot Switch	JH179A
HPE FlexFabric 5930 2QSFP+ 2-slot Switch	JH178A

Models

Key Features

- Cut-through with ultra-low-latency and wire speed
- High-density 10GbE and 40GbE spine/ToR connectivity
- VXLAN VTEP support for VMware NSX virtualized environments
- Convergence-ready support for DCB, FCoE, and TRILL
- Advanced networking features (included in Comware license)

Product Features

License Activation and Software Download Instructions	• Retrieve your 'Entitlement Order Number' from the Entitlement Certificate
	  – If you have opted for physical delivery, your entitlement certificate will be part of your shipment
	  – If you have opted for electronic delivery, you will receive an email from Hewlett Packard Enterprise with a link for retrieving your entitlement certificate
	• Visit **http://webware.hpe.com** and login with your Hewlett Packard Enterprise Passport to generate your "Partner Activation Code' PAC. You will receive an email from Hewlett Packard Enterprise with various activation codes - Partner Activation Code (PAC), Access Codes for Training (if applicable), HPE Insight Control Licenses (if applicable).
	• For your VMware products
	  – Visit **http://vmware.com/code/hp** to 'Register your Partner Activation Code (PAC)' and generate your Serial Number
	  – Visit **http://downloads.vmware.com** to download your VMware software & follow the prompts to install your VMware product
	• For products bundled with HPE Insight Control, you will receive 1 HPE Insight Control license in your email from Hewlett Packard Enterprise
	  – Visit **http://www.hpe.com/info/insightlicense** for installation instructions
	• Visit **http://www.hpe.com/info/vmware/bundle** to access your VMware training from HPE Education Services, if applicable

Offering	• Customers can purchase VMware OEM software directly from Hewlett Packard Enterprise or through Hewlett Packard Enterprise authorized resellers • VMware software from Hewlett Packard Enterprise is available 1 / 3 / 5 year 24x7 unlimited support and subscription service • VMware software from Hewlett Packard Enterprise is available in physical and electronic delivery formats
Manageability	• HPE Insight Control: essential ProLiant server management includes proactive server health management, remote server management, and power management and server deployment tools. For more information, go to: **http://www.hpe.com/info/insightcontrol**. • HPE Insight Control runs on any Windows platform supported by HPE SIM 5.3.1 or greater • An integral solution between Hewlett Packard Enterprise and VMware is the HPE Insight Control for VMware vCenter Server. HPE Insight Control for VMware vCenter delivers powerful Hewlett Packard Enterprise hardware management capabilities to virtualization administrators, enabling comprehensive monitoring, remote control and power optimization directly from the VMware vCenter console. For more information please visit: **http://www.hpe.com/info/insightcontrol**
Storage & Accessories	• Complete your HPE SRM Solution with the HPE Enterprise Virtual Array family - an enterprise-class array system designed to aggregate and automate storage management tasks with fewer resources and more storage capacity. In combination of HPE Continuous Access unique remote replication technologies, you can ensure the protection of your stored data in the event of a disaster. For more information, and configuration details about Hewlett Packard Enterprise storage for this SRM Solution, go to: **http://www.hpe.com/info/storage/vmware**.
HPE ProLiant Server Support	• HPE ProLiant server support software is available for download. • The VMware HCL has been updated to include all certified HPE ProLiant servers at **http://www.vmware.com/resources/compatibility/search.php** • For more information on the Hewlett Packard Enterprise Certified and Supported ProLiant servers please visit the VMware Server Support Matrix at: **http://www.hpe.com/info/ossupport**

Product Features

HPE Web Sites	• VMware from Hewlett Packard Enterprise: **http://www.hpe.com/info/vmware**
	• Available from: **http://www.hpe.com/info/vmware**:
	   – Hewlett Packard Enterprise & VMware white papers and planning tools
	   – VMware online sizing tool
	   – Hewlett Packard Enterprise & VMware news and information
	   – Download Software: **http://downloads.vmware.com**

Licensing	• VMware server products are licensed on a per processor license. You must have the same number of licenses as processors installed in your system. Note that VMware solution bundles (i.e. Essentials products) and acceleration kits have specific server and processor boundaries within these licenses. To view the licenses for which you are entitled, log in to your VMware portal

Supported Media for ESXi 5	• Acquire your choice of Hewlett Packard Enterprise supported and qualified media. Please note that all devices will need to be imaged for ESXi 5.0
	   – Any Hewlett Packard Enterprise supported hard drive
	   – Hewlett Packard Enterprise supported flash devices are listed under USB and SD Options section below

Entitlement Mappings	• For complete details on upgrades and entitlements, visit: **http://www.vmware.com/go/vsphere** and review Upgrade Center
Downgrade information	• vSphere downgradeable to 5.x products. Downgrades and entitlements for valid subscriptions will be available in your profile in the VMware license portal. For more information on VMware vSphere visit: **http://www.vmware.com/go/vsphere**

Weight & Dimensions	**Dimensions**	8.75 x 5.625 x 0.063 in (22.23 x 14.29 x 0.16 cm)
	Volume	0.002
	Gross Weight (lbs)	0.056 lbs (0.03 kg)

Environment-friendly Products and Approach	**End-of-life Management and Recycling**	Hewlett Packard Enterprise offers end-of-life Hewlett Packard Enterprise product return, trade-in, and recycling programs in many geographic areas. For trade-in information, please go to: **http://www.hpe.com/info/recycle**. To recycle your product, please go to: **http://www.hpe.com/info/recycle** or contact your nearest Hewlett Packard Enterprise sales office. Products returned to Hewlett Packard Enterprise will be recycled, recovered or disposed of in a responsible manner.
		The EU WEEE directive (2002/95/EC) requires manufacturers to provide treatment information for each product type for use by treatment facilities. This information (product disassembly instructions) is posted on the Hewlett Packard Enterprise web site at: **http://www.hpe.com/info/recycle .** These instructions may be used by recyclers and other WEEE treatment facilities as well as Hewlett Packard Enterprise OEM customers who integrate and re-sell Hewlett Packard Enterprise equipment.

Summary of Changes

Date	Version History	Action	Description of Change
