

MultiSync® E271N LCD 27" Commercial Display

Datasheet

NEC MultiSync® E271N - attractive price-performance office productivity, matching best visualisation with health-conscious efficiency

The 27" ultra-narrow bezel display combines advanced visual display quality on a larger screen size with the functionality for efficient office productivity.

With high attention to user well-being, the viewer's eyes are protected with built-in Low Blue Light technology to filter out hazardous blue light emissions whilst Flicker-Free technology eliminates the effect of flickering.

With sleek and elegant styling to complement modern professional office interiors, this display offers advanced visual quality and performance.

Benefits

Best price-performance ratio in 27" line-up - offering the same panel and display quality as the EA Series but with less advanced functionality and connectivity, ideal for everyday office performance.

Future-Ready Design - best in form and function design with 3-sided 1 mm ultra-thin bezel gives an office a fresh professional interior.

Black and white housing - choose the housing design to best suit your office style and comply with local office ergonomic recommendations.

Protecting your eyes from strain and damage - Built-in Low Blue Light technology filters out hazardous blue light emissions whilst Flicker-Free technology eliminates any backlight flickering, thus protecting your eyes against cataracts and macular degeneration without compromise to true-to-life display colour performance.

Your environmental and social responsibility - NEC's TCO 7 and ENERGY STAR 7 certified display is environmentally designed with minimal hazardous material meeting the growing demand for more sustainable technologies.
