

Docking Station Mount - VESA Compatible - Steel Product ID: SSPMSVESA

Create a clutter-free workspace by mounting your docking station or hub, freeing up space on your desktop. This VESA compatible docking station mount makes it easy to attach a compatible StarTech.com dock or hub to the backside of your monitor.

The docking station mounting plate attaches easily to monitors with a 75x75 or 100x100 mm VESA hole pattern.

Made in Canada, the sturdy and durable dock and hub mount is engineered from 10 gauge steel (3.3 mm thick).

The VESA docking station and hub mount works with monitors mounted on a stand, or attached to a monitor arm. The docking station mount provides a great way to free up desk space in offices in business or commercial spaces. It's also ideal for space-constrained areas, including hot desks and shared workstations, cubicles, mobile and wall-mounted workstations, and home offices.

This innovative mount is designed to work exclusively with compatible StarTech.com products including:

Using the docking station mounting kit, complete with mounting plate and screws, you can mount your compatible dock or hub to the back of your monitor that is recessed up to 7mm. When installed, the dock mount sits almost flush with the monitor, while still allowing easy access.

SSPMSVESA is backed by a StarTech.com 5-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Ideal for offices in business or commercial spaces, where the back of the monitor is not customer-facing
- Create more desk space in space-constrained areas, including hot desks, cubicles and home offices

Features

- Save space by mounting your StarTech.com docking station or hub to the back of your VESA compatible monitor
- Attaches to the back of monitors with a VESA 75x75 or 100x100 mm hole pattern
- Robust construction made of strong 10 gauge steel (3.3 mm thick)
- TAA compliant
- Docking station and hub mounting kit includes VESA mounting plate and screws

Hardware	Warranty	2 Years
	VESA Hole Pattern(s)	75x75 mm
	VESA Hole Pattern(s)	100x100 mm
Special Notes /	Note	When mounting the adapter (recessed): the screws and spacers provided will allow you to mount to a VESA pattern on the back of the

monitor that is recessed, to a maximum of 7 mm. If the recessed area is deeper than 7 mm, you will need to use longer screws than those provided.
