

3-Port USB 3.2 Gen 1 Hub with Card Reader

USB-A Male to Three USB-A Females and SD/MicroSD Card Reader, 5 Gbps Transfer Speeds, Bus Powered, Black

Part No.: [164931](#)

Powerful SuperSpeed USB performance and a card reader/writer in a multiport hub

The Manhattan USB 3.2 Gen 1 Hub with Card Reader lets you add more USB devices to your laptop/desktop computer and access memory cards. You'll be able to create more connections for SuperSpeed USB 3.0 devices, such as a keyboard, mouse, smartphone, tablet, storage device, Web camera and more, and manage digital content through the card reader/writer. It's backward compatible with previous USB versions to accommodate nearly whatever device you may have on hand. Plug-and-play, hot-swap capabilities, Windows and Mac compatibility and data transfer speeds of up to 5 Gbps help the Manhattan USB 3.2 Gen 1 Hub with Card Reader consolidate numerous, less-capable hubs into a single USB solution.

Connectivity you can carry

This hub's durable case, compact size and bus-power capability means greater portability for you when it's time to be on the move. Since it doesn't require a power supply to make your devices work, you can be on your way as quickly as it takes you to unplug the hub from your upstream device, disconnect your peripherals, slip the devices you need into your laptop bag. This hub is designed to keep you mobile so you're ready for success in both work and play.

Features:

- Adds three SuperSpeed (USB 3.2 Gen 1) USB-A ports and a card reader to your

USB-A device

- Compatible with Secure Digital (SD), Micro Secure Digital (MicroSD), MultiMediaCard (MMC) and Memory Stick; supports automatic card detection
- Supports data transfer rates up to 5 Gbps
- Backward compatible with all USB 2.0 and 1.1 devices
- Bus powered – no external power supply needed
- Includes an LED power indicator
- Plug-and-Play installation; hot swappable
- Windows and Mac compatible
- Three-year warranty

Specifications:

Standards and Certifications

- USB 3.2 Gen 1 (USB 3.0)
- FCC
- CE
- RoHS
- WEEE

General

- Transfer speeds: 12 / 480 Mbps / 5 Gbps
- Memory Card Support - SD / SDHC / SDXC / EXTREME SD / EXTREME II SD / EXTREME III SD/ ULTRA SD / ULTRA II SD / ULTRA II SD P PLUS / SD-ULTRA-X / ULTRA SPEED SD / SD PRO / SD ELITE PRO / HS SD / MMC / MMC 4.0 / MMC 4.1/ MMC 4.2 / Micro SD / micro SDHC / micro SDXC
- LED power indicator

Ports

- Three SuperSpeed (USB 3.1 Gen 1) USB-A
- Two memory-card slots
- Up to 900 mA power or available power from host port

Physical

- Dimensions: 9.7 x 4.3 x 1.4 cm (3.82 x 1.69 x 0.55 in.)
- Weight: 45 g (1.6 oz.)
- Integrated SuperSpeed (USB 3.2 Gen 1) USB-A cable: 13.5 cm (5.31 in.)
- Housing: plastic

System Requirements

- USB-enabled Mac or PC system
- Windows XP/Vista/7/8.1/10 or Mac OS 9 or above

Operating Environment

- Operation Temperature: 0 – 40°C (32 – 104°F)
- Storage Temperature: -20 – 60°C (-4 – 140°F)
- Humidity (noncondensing): 0 – 96%
