

# DF600 FLUX

THE ULTIMATE THERMAL PERFORMANCE FOR GAMING CASES

The DF600 FLUX mid-tower gaming case is well equipped with an industry-leading design of advanced ventilation, taking the Antec Dark league to the next generation.

Net Weight: 7.38 Kgs  
Gross Weight: 8.51 Kgs

## WHY THE NEW COOLING SOLUTION?

When Intel announced their latest 10th Gen CPU and AMD announced their new Ryzen 3 and 4 CPUs, they all deliver remarkable performance upgrades and better productivity, it also means the functional requirement of PC equipment needs to be taken to the next level, especially the thermal performance.

To cope with the stress of enhanced heat dissipation, Antec developed a revolutionary structure for airflow, providing an improved and powerful cooling solution for your system.  
**The F-LUX Platform.**

## F-LUX PLATFORM - ANTEC'S ORIGINAL COOLING SOLUTION

### What is the F-LUX Platform?

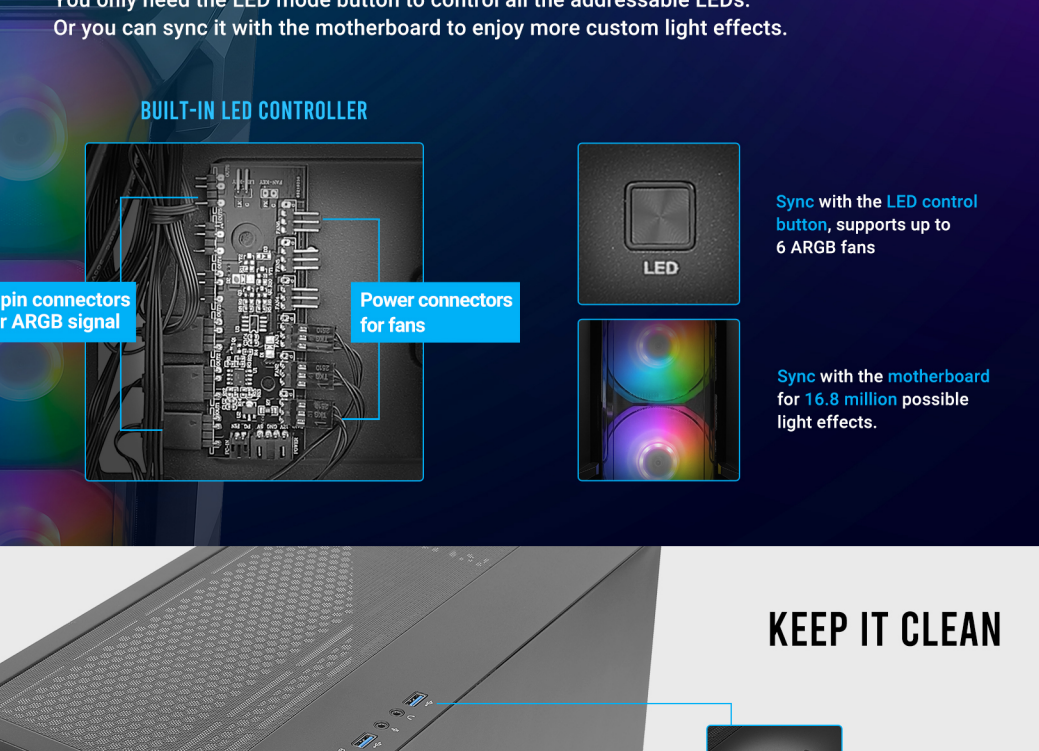

The definition of FLUX is Flow Luxury. The F-LUX Platform is a new industry-leading and highly efficient design by Antec featuring an advanced case structure for excellent airflow and 5 x 120 mm fans included. A core element of the design ethos was to enhance GPU cooling performance.

F-LUX Platform will provide massive airflow when the GPU is functioning, enhancing the heat dissipation, and gaming performance.

## F-LUX PLATFORM - ANTEC'S ORIGINAL COOLING SOLUTION

5 x 120 mm Fans Included

Plenty of heat is drawn out from the interior, which helps the CPU to cool down.

The 120 mm reverse fan is on the top of the PSU chamber, which pulls cool air into the case via the ventilation at the right-side panel and the bottom, providing heightened GPU cooling performance.

Transparent front panel design with considerable ventilation at both sides present abundant light effects and cooling functionality.

## COLOR YOUR SYSTEM BY BUILT-IN LED CONTROLLER

You only need the LED mode button to control all the addressable LEDs. Or you can sync it with the motherboard to enjoy more custom light effects.

### BUILT-IN LED CONTROLLER

Sync with the LED control buttons supports up to 6 ARGB fans

Sync with the motherboard for 16.8 million possible light effects.

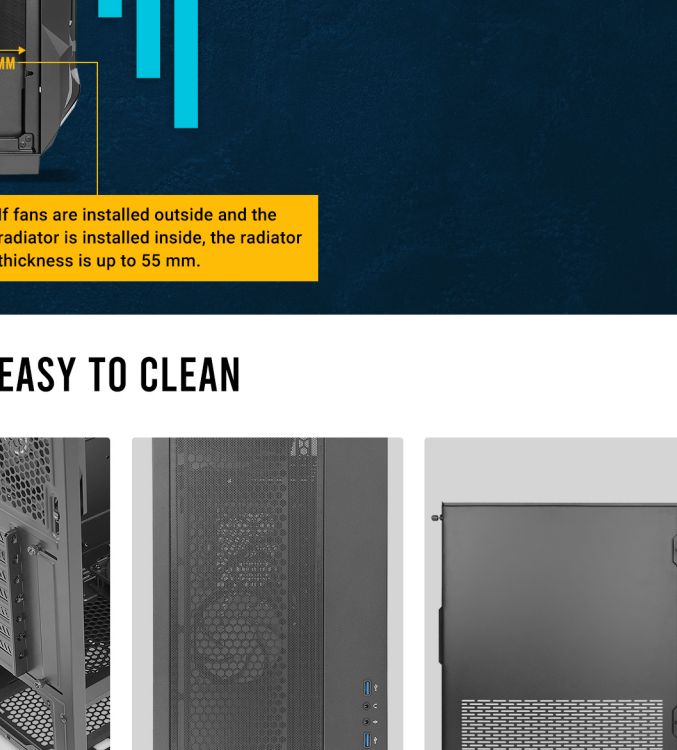

## KEEP IT CLEAN

All the hubs have a dust plug, preventing them from damage.

## 4 MM TEMPERED GLASS SIDE PANEL

Tool-free thumbscrew design at the rear of the tempered glass side panel, which gives you quick access to the interior, and enhances the solidity.

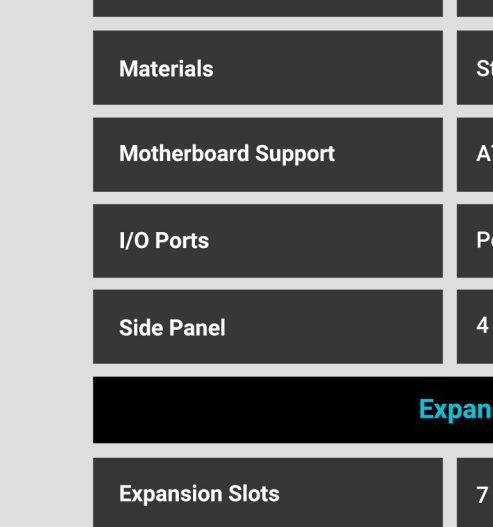

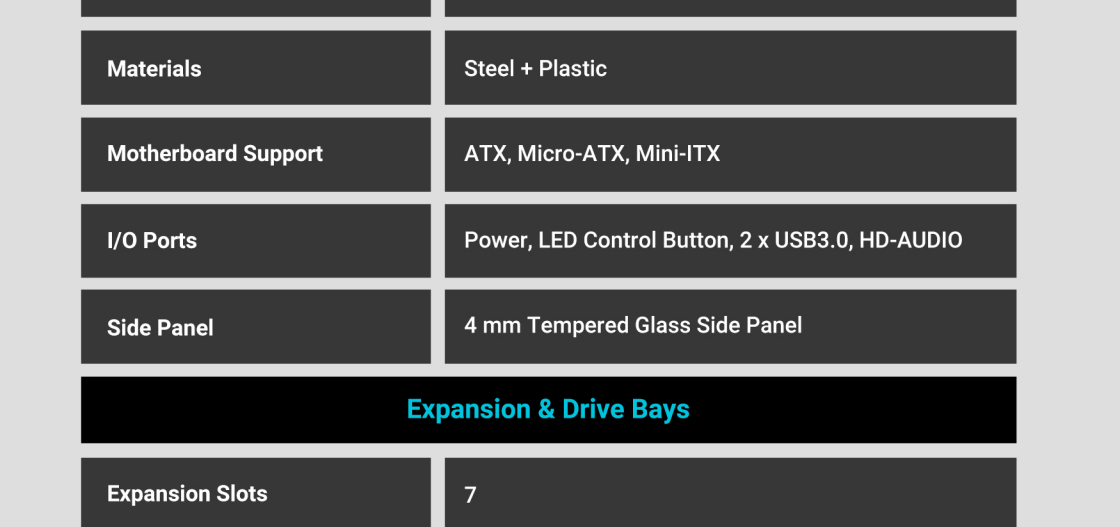

## READY FOR EXCELLENT GAMING PERFORMANCE

- A** Motherboard Support: ATX, Micro-ATX, Mini-ITX
- B** 2.5" SSDs: 3
- C** 3.5" removable HDDs / 2.5" SSDs (Compatible): 3/2
- D** Max GPU Length: 405 mm (Supports high-end VGA, e.g. MSI GeForce, ASUS ROG)
- E** Max CPU Cooler Height: 175 mm (Supports high-end CPU cooler, e.g. Noctua NH-U12A)
- F** Max PSU Length: 205 mm

## SUFFICIENT SPACE FOR CABLE MANAGEMENT

## ULTIMATE THERMAL PERFORMANCE

Supports up to 9 fans.

**MAKE IT COOLER**  
DF600 FLUX keeps your gear cool with room for up to 360 mm radiator in the front & top.

If both fans and the radiator are installed inside, the radiator thickness is up to 30 mm.

If fans are installed outside and the radiator is installed inside, the radiator thickness is up to 55 mm.

## EASY TO CLEAN

## MAKE A GREEN BUILD

7 x reusable PCI-E slots

**DF600 FLUX**  
THE ULTIMATE THERMAL PERFORMANCE FOR GAMING CASES

Case Specifications	
Case Dimensions	467 x 220 x 486 mm (DxWxH)
Form Factor	Mid Tower
Materials	Steel + Plastic
Motherboard Support	ATX, Micro-ATX, Mini-ITX
I/O Ports	Power, LED Control Button, 2 x USB3.0, HD-AUDIO
Side Panel	4 mm Tempered Glass Side Panel

Expansion & Drive Bays	
Expansion Slots	7
3.5" / 2.5" (Convertible)	3 / 2
2.5"	3

Fan Support	
Front	3 x 120 mm / 3 x 140 mm
Top	3 x 120 mm / 2 x 140 mm
Power Supply Shroud	2 x 120 mm
Rear	1 x 120 mm
Included Fan(s)	3 x 120 mm ARGB fans in front 1 x 120 mm fan (Reverse Fan) on PSU shroud & 1 x 120 mm fan in rear

Radiator Support	
Front	120 / 240 / 280 / 360 mm (≤ 55 mm thickness when fans are installed outside of front panel) (≤ 30 mm thickness when fans are installed inside of front panel)
Top	120 / 240 / 280 / 360 mm
Rear	120 mm

Clearances	
Max GPU Length	≤ 405 mm
Max CPU Cooler Height	≤ 175 mm
Max PSU Length	≤ 205 mm

Miscellaneous	
Dust Filters	Front / Top / Bottom / Right Hand Side
Net Weight	7.38 Kgs
Gross Weight	8.51 Kgs
Warranty	2 Years
UPC#	0-761345-80060-0
