WIRED PERSONAL VIDEO COLLABORATION KIT

Logitech® Wired Personal Video Collaboration Kit empowers dispersed teams to stay engaged and aligned from wherever they work. This kit features the Zone Wired Headset Certified for Microsoft® Teams and the C925e webcam—delivering superbly clearer calls and 1080p high-definition video for enhanced video collaboration and better productivity.

LOGITECH WEBCAM AND HEADSET COMBINATION

When hopping on a video call from a personal workspace, the right gear can make all the difference. This Zone Wired Headset is Certified for Microsoft Teams with a premium microphone for open office requirement. Together with the C925e high-definition webcam, they ensure a seamless audio and video experience using Microsoft Teams to chat, meet, call or video conference. They are fully plug-and-play and affordably priced for deployment at scale. The kit empowers any size organization with tools to foster a culture of employee engagement.
