Product overview

The future of work is about connecting people and connecting people to their work, by leveraging intelligence and context to eliminate the friction in the employee journey. These simple and intelligent experiences deliver those experiences in a way that is scalable, secure and easy to manage. This is achieved by creating uninterrupted workflows to maximize both the user experience and utilization of your collaboration spaces.

The Webex Room Navigator control unit is an intuitive device designed to give you access to several room controls, such as: controlling Cisco videoconferencing systems, booking a room and controlling amenities within the room.

This touch-based unit is optimized for an effortless user experience—from launching and ending a video or audio conference, to sharing content, and viewing contact lists and directories.

The Room Navigator supports the Webex Room Series as well as Webex Board Series.

The user interface can be configured by administrators to easily control other room peripherals such as lighting, room dividers, and curtains.

Features and benefits

Webex Room Navigator control unit enhances the ease of connection and communication by providing instant access to meeting, contacts, directories, and content. It supports two positions on the table with different angles, including a 180 degrees rotation of the user interface when the device is tilted.

Only one cable is needed to power the units and network access. The Room Navigator can be connected directly to a Webex Room device or remotely paired to it when plugged on a PoE network.

Table 1 gives specifications of the Webex Room Navigator device.

Above: Rear view of the Room Navigator

Table 1. Product specifications

WEBEX ROOM NAVIGATOR	
Product compatibility	Webex Room Kit Series, Webex Room55 and Room70 Series, Webex Room Panorama, Webex Board 55S, 70S, 85S
Software compatibility	CE9.14.3 or later, or Webex Clouds
Call-control compatibility	Hosted: Controlled by codec, Cisco Unified Communications Manager 10.5.2 or newer and VCS Cloud: Cisco Webex through the Cisco Collaboration Cloud
Signaling protocols	TCP/IP
Display	<ul style="list-style-type: none"> • Capacitive touch LCD • 10.1-inch diagonal

Table 1. Product specifications

WEBEX ROOM NAVIGATOR	
Resolution	1920 x 1200
Memory	2GB
Sensors	Temperature, humidity, air quality (TVOC) experimental, ALS (Ambient Light Sensor). Sensor values are accessible from Webex Room APIs and displayed on the Control Hub dashboard.
Language support	English, Arabic, Catalan, Czech, Danish, Dutch, Finnish, French, German, Hebrew, Hungarian, Italian, Japanese, Korean, Norwegian, Polish, Portuguese–Brazilian, Russian, Simplified Chinese, Spanish, Swedish, Traditional Chinese, and Turkish; (depends on software version)
Physical dimensions (H x L x D)	2.8 x 9.53 x 6.42 in. (7.1 x 24.2 x 16.3 cm) Maximum height in vertical position 5.2 in (13.2 cm). Minimal height in lower position on the table: 3.85 in (9.77 cm)
Weight	1.39lb (0.63 kg)
Power	Power over Ethernet (PoE)
Operating temperature and humidity	0°C to 40°C (32°F to 104°F) ambient temperature 10% to 90% Relative Humidity (RH)
Storage and transport temperature	-20°C to 60° (-4° to 140°F) at RH 10% to 90% (noncondensing)
Regulatory compliance	<ul style="list-style-type: none"> • Directive 2014/30/EU (EMC Directive) and Directive 2014/35/EU (Low-Voltage Directive) • Directive 2011/65/EU (RoHS) • Directive 2002/96/EU (WEEE) • NRTL approved (product safety)
Standards	<ul style="list-style-type: none"> • EMC: EN 55032 - Class A, EN 55024 • Safety: EN 60950-1, EN 62479 • FCC CFR 47 Part 15B (EMC) - Class A

Check the Product Approval Status Database at <https://www.ciscofax.com/> for approval documents per country.

Warranty information

Warranty information is available on Cisco.com at the [Product Warranties](#) page.

Ordering information

Webex Room Navigator devices are available as a part of an endpoint order and also as standalone units.

To place an order, visit the [Cisco® Ordering Home Page and refer to Table 2](#). To download software, visit the [Cisco Software Center](#).

See individual endpoint data sheets for whether Room Navigator comes standard with product.

Table 2. Ordering information

PRODUCT NAME	PART NUMBER	COMPLIANCE MODEL NUMBER
Webex Room Navigator (table stand version)	CS-T10-TS-K9=	TTC5-15
Foot stand spare	CS-T10-TS-FT=	

Note: Many of the products and features described herein remain in varying stages of development and will be offered on a when-and-if-available basis. This roadmap is subject to change at the sole discretion of Cisco, and Cisco will have no liability for delay in the delivery or failure to deliver any of the products or features set forth in this document.

Cisco environmental sustainability

Information about Cisco's environmental sustainability policies and initiatives for our products, solutions, operations, and extended operations or supply chain is provided in the "Environment Sustainability" section of Cisco's [Corporate Social Responsibility](#) (CSR) Report.

Reference links to information about key environmental sustainability topics (mentioned in the "Environment Sustainability" section of the CSR Report) are provided in the following table.

Table 4. Environmental sustainability reference links

SUSTAINABILITY TOPIC	REFERENCE
Information on product material content laws and regulations	Materials
Information on electronic waste laws and regulations, including products, batteries, and packaging	WEEE compliance

Cisco makes the packaging data available for informational purposes only. It may not reflect the most current legal developments, and Cisco does not represent, warrant, or guarantee that it is complete, accurate, or up to date. This information is subject to change without notice.

Cisco Services

Cisco and our partners provide a broad portfolio of smart, personalized services and support that can help you realize the full business value of your Cisco Webex Device investment by increasing business agility and network availability. This portfolio of services accelerates business innovation by harnessing the network as a powerful business platform. For more information about these services, visit: <https://www.cisco.com/go/telepresenceservices>.

Cisco Capital

Flexible payment solutions to help you achieve your objectives

Cisco Capital makes it easier to get the right technology to achieve your objectives, enable business transformation and help you stay competitive. We can help you reduce the total cost of ownership, conserve capital, and accelerate growth. In more than 100 countries, our flexible payment solutions can help you acquire hardware, software, services and complementary third-party equipment in easy, predictable payments. [Learn more.](#)
