# RHINO™ 6000+

Introducing the RHINO™ 6000+ - the latest in the range of top-quality labelling tools from RHINO™ - with PC Connectivity via DYMO® ID Software!

Our research tells us that the most important thing for an installer from a labelling tool is that it should be “easy to use”; the RHINO™ 6000+ has been designed with special features to make it just that: label cassettes can be loaded and unloaded with no hesitation; the generously sized LCD allows you to edit and preview multiple labels and

the RHINO™ “hot-key” technology provides shortcuts to your most common applications. Of course, the RHINO™ 6000+ also prints on the RHINO™ range of industrial-strength labels, which are built to withstand all kinds of harsh treatments including solvents, UV, moisture, harsh temperatures as well as being almost totally smudge-proof.

Delivering the highest level of performance at high-end installations, the RHINO™ 6000+ is built to remain your labelling tool of choice for a long, long time.
