

Wireless Charging Pad - 5 W

Qi[™]-Certified, Power up to 5 W (5 V / 1 A), Round Charging Base, Black

Part No.: [180306](#)

EAN-13: 0766623180306 | UPC: 766623180306

Convenient Phone Charging with the Manhattan Wireless Charging Pad

Charging your compatible phone, case, earbuds, and more is even simpler with the Manhattan Wireless Charging Pad - 5 W. Whether your phone has wireless charging built-in or your phone case supports that technology, a quality wireless charger from Manhattan makes it easy to get power back into your device. With a dedicated charging pad, there's no need to hunt for the right cable. Plus, as long as it isn't made of metal and is fewer than 5 mm (0.2 in.) thick, your phone case won't interfere with charging, so your phone stays protected even while it's on the pad. The Manhattan Wireless Charging Pad - 5 W truly offers a no-hassle way to charge up your phone and other compatible devices.

Features:

- Wirelessly charges compatible devices - phone, cases, earbuds and more - with power up to 5 W
- Overload, overcurrent and overheating protection
- Effective wireless charging through phone cases up to 5 mm (0.2 in.) thick
- Qi[™]-certified to ensure a safe charge for you and your devices
- Micro-USB to USB-A charging cable included
- LED indicators for easy status monitoring
- Compact and lightweight design, ideal for travel
- Requires 5 V / 2 A USB wall charger (not included)
- Three-year warranty

Specifications:
