

BUSINESS DEVICES THAT ARE A CLASS APART

Lenovo 14 Series ultraportables are ideal for buyers seeking lightweight full-size notebooks on a budget.

Lenovo 14w Gen 2

Smarter
technology
for all

Lenovo

This 14" ultralim notebook is more than capable of handling the day-to-day tasks of basic users. Powered by dual core AMD 3000 mobile processors and backed by an easy-to-use Windows platform, it benefits from enhanced security features that help businesses keep their data and devices protected. Apps like Office 365 and StaffHub can be accessed from anywhere at any time, boosting productivity and facilitating real-time collaboration.

REASONS TO BUY

With innovative features like a spill-resistant keyboard and anti-pry keycaps, we've designed it to handle daily wear and tear, despite its ultra-slim design. Plus, with 13.5 hours of battery life, it can last an entire shift on one charge, so your business never misses a beat.

A full range of connectivity ports including USB Type-C, USB 3.2 (always on) and HDMI, make it easy to connect peripheral devices including charging a smartphone.

Integrated 720p HD webcam with privacy shutter and dual array microphones make audio and video conferencing more effective.
