

UK Power Strip with 6 Surge Protector Outlets and Switch

Six British BS1363A Outlets, Built-in 2 m (7 ft.) Power Cord with BS1363A Plug, 250 Joule Surge Protection, 13 A Circuit Breaker Protection, On/Off Switch, Wall-mountable, White

Part No.: [166843](#)

EAN-13: 0766623166843 | UPC: 766623166843

UK Surge Protector Power Strip with 6 Outlets and Switch - Electricity for six devices in home and office

Plug your printer, PC, router, TV, or other home/office electronics into this 6-way power strip from Manhattan. It is compatible with standard electrical equipment and features six BS1363A outlets in a durable white plastic housing for a clean look. If you prefer it on the wall, you can easily mount it there through the two holes on the back of the strip. An integrated 13 A circuit breaker protects all outlets and automatically cuts power for safety, preventing equipment damage. For even more safety, it features a surge suppression rating of 250 joules covering the two protection modes, full normal mode (H-N) and common mode (N-G / H-G), to defend your sensitive electronic components against power surges and spikes. The illuminated on/off switch provides one-touch control over all connected devices.

Features:

- Six-way power strip for standard electrical equipment, ideal for home and office use
- 250 joule surge protection against dangerous power surges and spikes
- Integrated 13 amp circuit breaker protection that shuts down all outlets in case of overload
- Built-in 2 m (7 ft.) power cord with BS1363A plug
- Illuminated two-pole on/off safety switch
- Mounting holes for wall mounting

- Right-angled outlet orientation
- Durable plastic housing
- For indoor use only
- Three-year warranty

Specifications:

Standards and Certifications

- CE
- RoHS

Electrical

- AC input: 220.0 - 250.0 V; 50 - 60 Hz
- Socket/outlet standard: British BS1363A
- Overload protection: 13.0 A maximum load current
- Surge protection: AC suppression with 250 joules, includes full normal mode (H-N) and common mode (N-G/H-G) line surge suppression

Physical

- Dimensions (L x W x H): 400 x 110 x 30 mm (15.75 x 4.33 x 1.18 in.)
- Weight: 500 g (17.64 oz.)
- Housing: plastic

Operating Environment

- Operation temperature: 0 - 35°C (32 - 95°F)
- Storage temperature: -10 - 50°C (14 - 122°F)
- Humidity (noncondensing): 10 - 80%

Package Contents

- UK Power Strip with 6 Surge Protector Outlets and Switch
