Prisma AL-18 ARGB PWM

Super-sized airflow

The Prisma AL-18 is a powerful 180 mm ARGB fan that packs a mean punch in the airflow department. Massive blades, stout 38 mm thickness, and wide 300-1200 RPM range with PWM control allow the AL-18 to yield remarkably high airflow while remaining remarkably quiet.

Specifications

Size	• 180 x 180 x 38 mm
Color	• Black frame, white blades
Screw hole pattern	• 165 x 165 mm
LED type	• Addressable RGB
Power connector	• 4-pin
Bearing	• LLS
Number of blades	• 7
Rotational speed	• 300 – 1200 RPM
Noise level	• 14.9 – 37.4 dB(A)
Max airflow	• 43.1 – 146.8 CFM
Max airflow	• 73.27 – 249.56 m ³ /h
Max pressure	• 0.44 – 2.50 mmH ₂ O
Fan input power	• 4.2W at 12VDC
Fan max input current	• 0.35A
Fan input voltage	• 12V
Minimum startup voltage	• 6V
LED rated voltage	• 5V
LED rated current	• 0.6A
LED Rated input power	• 3.0W

Package contents

1-pack

- Prisma AL-18 180 mm fan
- 4x fan screws
- 4x extra-long radiator screws

2-pack

- 2x Prisma AL-18 180 mm fan
- 8x fan screws
- 8x extra-long radiator screws

Specifications

MTTF	• 90,000 hrs.
Unit weight(g)	• 521 g (1.043 kg 2-pack)
Package weight (g)	• 570 g (1.140 kg 2-pack)
Cable length (mm)	• 1000
Cable type	• Black sleeved
Packaging dimensions including hanging tab	• 1 pack: 227 x 182 x 40 mm • 2 pack: 227 x 182 x 80 mm
Packaging dimensions excluding hanging tab	• 1 pack: 182 x 182 x 40 mm • 2 pack: 182 x 182 x 80 mm
