Part No.: [404822](#)

EAN-13: 0766623404822 | UPC: 766623404822

Waterproof phone holder for bikes - have your device at your fingertips

Smartphones are increasingly useful to riders thanks to a ton of training and navigation apps. Have yours on your handlebar with this Manhattan Phone Mount for Bikes. It fits all brands and sizes up to 6.7" and features a weatherproof, zippered case to protect from rain, shock and scratches. A capacitive window gives you full touchscreen access in landscape or portrait display orientation. The safe, rubber-coated clip fits handlebars with a diameter of 25 mm to 33 mm, be it a bicycle, motorcycle, stroller or e-scooter.

Features:

- Universal fit for all phone sizes up to 6.7", most even in their protective cases
- Compatible with large models like the iPhone® 12 Pro Max, Samsung Galaxy® S20+, Google Pixel™ 4 XL and more
- Horizontal and vertical use on ball joint with 360° swivel
- Weatherproof, zippered case to protect from rain, shock and scratches; capacitive window for full touchscreen access

- Adjustable, toolless clip that safely attaches to handlebars of bicycles, motorcycles, strollers, e-scooters and more
- Rubber-coated clip that fits handlebars with a diameter of 25 mm (0.98 in.) to 33 mm (1.3 in.)
- Two removable foam pads to accommodate different phone and case sizes and their thicknesses
