# BUSINESS DEVICES THAT ARE A CLASS APART

# ThinkPad L13 Gen 3 (AMD)

With improved performance and enhanced security features, this enterprise-grade device is a trusted companion in today's modern hybrid work environments. It features AMD Ryzen processors, up to 32GB DDR4 memory, and up to 1TB of SSD storage – which means quicker responsiveness and smoother computing during compute-intensive tasks. Experience an immersive audiovisual experience, thanks to the Dolby stereo speakers and its IPS touch display supported by integrated AMD Radeon graphics.

## **REASONS TO BUY**

It's well-equipped with a range of security solutions for optimum device and data security, including an optional Power-on Touch fingerprint reader for user authentication and an optional IR camera for facial recognition. Cover the camera with a privacy shutter for user privacy.

Smar

technology

for all

Lenovo

It comes with Wi-Fi and optional 4G LTE capabilities on select models. This allows users to stay connected with optimum internet speed, even in a devicecongested space.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

The mid-range ThinkPad L Series offers enterprise docking, enhanced security features and optional remote management capabilities.
