CYCLEE is a 3-button wireless mouse entirely eco-designed and made, in part, from recycled plastic. Its ambidextrous design will make it an ideal mouse for right-handers as well as left-handers. It works with an AA battery which will give you up to 4 months of autonomy thanks to its very low energy consumption. The sensitivity is adjustable on the top from 800 to 1600DPI. You can connect it via a mini USB-A receiver but also a mini USB-C receiver for newer computers. CYCLEE is also entirely recyclable thanks to its manufacture without glue or screws.
