HT-S2000 3.1ch Dolby Atmos Soundbar

Sony HT-S2000 3.1ch Dolby Atmos Soundbar:

This 3.1ch Dolby Atmos® / DTS:X® soundbar features powerful, cinematic surround sound. Thanks to a newly developed up mixer, this soundbar delivers a three-dimensional surround experience even when you're playing stereo content, like TV dramas, streamed music, and more. The centre speaker ensures clear dialogue, while the built-in dual subwoofer delivers punchy deep bass.

Simply connect the HT-S2000 with your TV with an HDMI cable, plug in, and setup is completed. Our new smartphone app, Sony | Home Entertainment Connect, offers you easy setup and intuitive operation. You can also easily operate the soundbar with the supplied simple remote.

Expand your bass experience with optional subwoofers SA-SW3 & SA-SW5 and enjoy even more immersive sound by adding optional SA-RS3S rear speakers.
