Microsoft LifeCam Studio webcam 2 MP 1920 x 1080 pixels USB 2.0 Black, Silver:

The Closest to Being There
Enjoy a superior HD video quality with the LifeCam Studio, which includes a 1080p HD sensor. But great video is about more than HD. Keep your subject crisp with autofocus, from four inches to infinity. Shoot with great accuracy in wide angle with the LifeCam precision glass element lens. And, to make filming even easier, LifeCam features TrueColor Technology, which means your video remains bright and colorful in virtually all light conditions while ClearFrame Technology provides smooth and detailed footage. Use the built-in High-Fidelity Microphone to bring it all together: the vivid sights, colors, and sounds of real life.
