LG UBK80 DVD/Blu-Ray player 3D Black:

4K Disc Playback, for life-like images
Take your video to the next level with 4K resolution and life-like HDR. 4K blu-ray disc changes your perspective from watching a movie to experiencing it.

HDR Compatible
Content created for High Dynamic Range, or HDR, can display an even more breathtaking picture with bolder contrast and more vibrant colors. The LG Blu-ray player UBK80 is HDR compatible with HDR10.

Blu-ray / DVD / CD Playback
Play your favorite content from Blu-rays and DVDs to CDs. Your media library lives on.

USB Playback
Play videos, music and images straight from a USB storage device.
