MX Keys Advanced Wireless Illuminated Keyboard

[Logitech MX Keys keyboard RF Wireless + Bluetooth QWERTY US International Graphite:](#)

Introducing MX Keys Plus, an advanced wireless illuminated keyboard with palm rest crafted for efficiency, stability, and precision.

Perfect Stroke keys are shaped for your fingertips and increased key stability reduces noise while optimizing responsiveness. Tactile reference for hand positioning makes it easy to stay oriented and in your flow. The backlit keys light up the moment your hands approach, and automatically adjust to suit changing lighting conditions.

MX Keys Plus follows your MX Master 3 – or other Flow-enabled mouse – from one computer to another, meaning you can type on multiple devices in one fluid workflow (2).

A detached palm rest can be placed in any position for personalized comfort.

With MX Keys Plus you can truly master what you make.
