PanzerGlass™ Anti-glare Displayschutzglas Apple iPhone 13 Pro Max | Edge-to-Edge

PanzerGlass™ Anti-glare Displayschutzglas Apple iPhone 13 Pro Max | Edge-to-Edge:

Sun and beach are a great combination. Sun and screen, not so much. Until now that is. With our Anti-Glare™ screen protector reducing glare from sun and artificial lighting you can always see what's on your screen, even when relaxing on the beach, chilling in the park or sipping coffee on a sunlit terrace.

Accidental bumps against sharp-edged dangers in your pocket or crushing falls onto stone-hard pavements are also no match for this scratch and shock-resistant screen protector. It even has a smudge-free coating with antibacterial effect that reduces traces of fingerprints and kills up to 99.99% of all common surface bacteria.

The Edge-to-Edge screen protector covers the entire front surface of your phone, while leaving room for a case, and comes in FSC-labelled packaging that can be recycled.
