[Origin Storage 512GB External NVME USB C SSD with C-C & C-A Cable:](#)

Quickly and easily add storage to your PC and Mac with the Origin Inception E840 Pro NVMe SSD. The embedded PCIe NVMe technology facilitates sequential read/write speeds of up to 1,050/1,000 MB/s respectively, and combined with the amazing speed of USB 3.2 Gen 2 this means that you can transfer large files in seconds.

The sleek aluminium body allows for effective cooling of the internal components to reduce thermal throttling, allowing you to transfer files without fear of speeds dropping.
