[Fairphone F4COVR-1GR-WW1 mobile phone spare part Back housing cover Green:](#)

First thing's first. Kudos to our mechanical engineering team, who managed to pull off something truly special: The Fairphone 4 Back Cover is made from 100% recycled plastics. How good is that? We designed it with durability in mind, as it protects your Fairphone 4's inner workings and hosts the NFC antenna for all your convenient one-tap data transfers or payments.

It comes in grey, green or green with speckles and looks stylishly understated in all three colors. And its matte finish is a joy to (be)hold. Without a doubt, this is our best looking and most sustainable back cover yet.

Pro-tip: Feel like switching it up? Just pop on a different color back cover and there you go. Style!
