Mac Studio Combination Cable Ledge Lock

Compulocks Ledge cable lock Black, Silver:

This powerful locking mechanism secures your new Mac Studio so you can focus on work.

Ledge adapts the “Kensington slot” at the base of the Mac Studio to a regular side lock. This is an efficient, non invasive and elegant solution that keeps the Studio safe without the need to modify it in any way.

The Ledge Adapter comprises 2 parts – a T Bar plate that fits into the lock slot on the underside of the Mac Studio, and an adapter that accepts all standard T Bar cable locks. This lock allows you to safeguard the Mac Studio in a simple way without any damage or manipulation of the device.
